Join us for an amazing learning experience!

GALÁPAGOS ISLANDS ADVENTURE
NREM 4093 ~ Spring Semester Course with I-designation & 10-day Galápagos trip on May 17-26, 2020

Our ship: the Galapagos Legend

HAVE A MEMORABLE EXPERIENCE AT GALÁPAGOS
...SNORKELING & TREKKING AT THE EQUATOR!

- Cruise in style and comfort for eight days/7 nights aboard a first-class ship
- Snorkel and observe marine life in idyllic Pacific Ocean coves
- Swim at amazing sandy beaches and explore pristine shorelines
- Hike the stark volcanic landscape across ancient lava flows
- Walk the ground trod by Charles Darwin during his epic HMS Beagle journey
- Experience wildlife up close – sea lions, land and marine iguanas, giant tortoises, sea turtles, blue-footed boobies, the Galápagos penguin, dolphins, frigate birds, flightless cormorants, Darwin’s finches, rays, colorful fish…
- Observe the spectacular “pitch black” night sky with more stars than you can imagine including the Southern Cross constellation
- “Changes in latitudes...changes in attitudes!”

Broaden your natural resource and natural history perspective and earn three International “I” credits in NREM 4093

ALL OSU STUDENTS WELCOME!
